

RYUET OLSEN

ICT & MEDIA DESIGN STUDENT

PROFILE

I'm an ambitious and curious designer who enjoys solving problems through user-centered thinking. I'm flexible in working with different tools and teams, and I value open, clear communication. I'm always looking to grow, improve, and design digital products that are not just visually appealing, but genuinely helpful and intuitive.

EXPERIENCE

Intern Web Development

A2Media, Helmond

Feb 2022 - Jul 2022

- Designed and developed WordPress websites with responsive layouts and improved usability.
- Created custom WordPress plugins in JavaScript to extend functionality and enhance user experience.
- Worked closely with clients to tailor visual design and interaction flow to their needs.
- Simplified complex layouts to improve navigation and reduce bounce rate across key pages.

Intern Web Design

E-Expansion, Mierlo

Sep 2020 - Feb 2021

- Maintained and optimized WordPress sites for better performance and visual consistency.
- Updated outdated themes and components to modern, cleaner versions.
- Improved clarity and readability of UI elements by redesigning layouts with fewer distractions.
- Helped reduce user drop-off by making critical actions (like contact or checkout) more visible and accessible.
